Laurel's Cosmetology Students Visit Nemaquin

Students from our School of Cosmetology had the opportunity to enjoy beautiful sights and scenery while visiting Nemaquin this week. They had a great tour of the property and spoke with their recruitment and leadership about potential future employment. Huge thank you to the associates and staff at Nemaquin for welcoming this great group of students and continuing such a great partnership!

**LTI's Cosmetology Students
Take On Group Challenge**

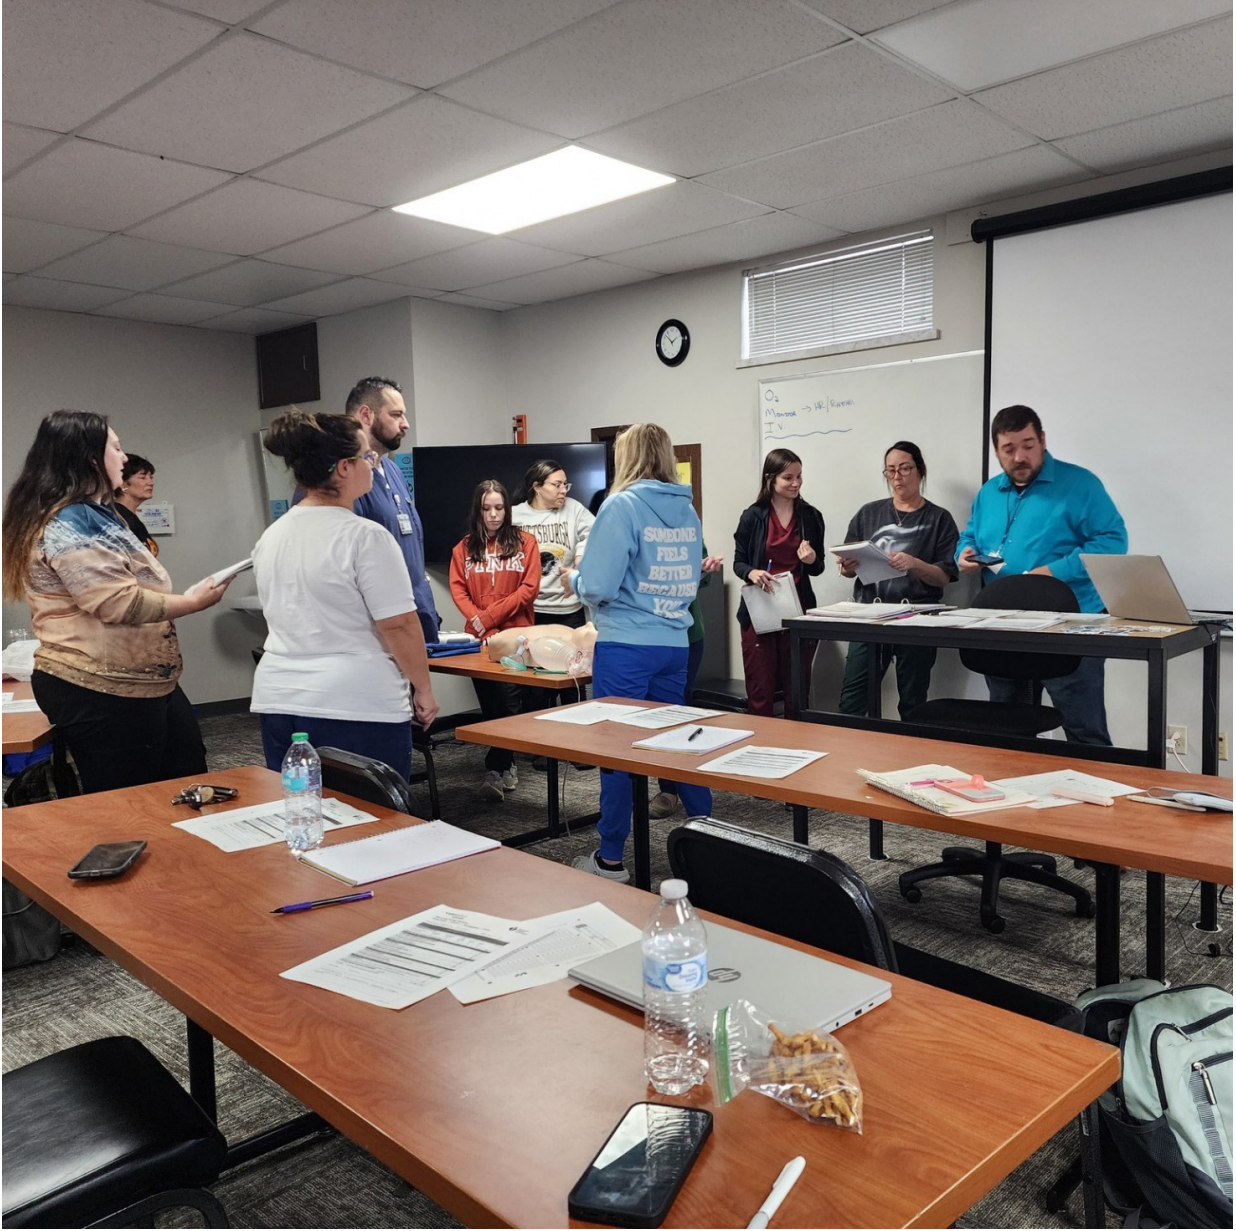

Teamwork made the dream work for our Cosmetology and Esthetic/Nail Technician students during this spooky fun project! Students were challenged to do hair, makeup and nails in a cohesive theme for the Halloween season! The Esthetic/Nail Technician students tackled the makeup, second and third Semester Cosmetology students did hair and the first semester Cosmetology students created nails to tie everything together! It was a great test of teamwork and a chance for everyone to show off their skills. These look amazing everyone, keep up the great work!

LBI's Respiratory Students Take On Training Course

Our Respiratory students worked hard on skill development in their Advanced Cardiac Life Support training course last week, which is a vital skill in their field! Great job to each of you, you're all doing great!

LTI's Students Take on Mock Interviews

Students from our Electrical Technician and Computer Network Security Technician programs took on a different kind of challenge during their Career Development class- Mock Interviews! A big thank you to the members of our faculty and staff who volunteered their time, patience, and advice to help these students succeed!

LTI's Respiratory Students Enjoy Guest Speaker

Our first-semester RT students at LTI had a guest speaker today from AHN Healthcare at Home. Tracey Lessner, RT brought in a home care ventilator and other equipment for the students to learn about, and spoke to them about the benefits and challenges of working in home care.
